Dear Students,

It seems many of you believe that undergraduate students are exempt from attending the graduate student presentations. We want to take this opportunity to say that this is not true!

All undergraduate students as well as graduate students certainly should plan to attend (or watch on the web), as they would attend any other class. An attendance sheet will be circulated, as always.

Furthermore, students may choose to write about one or more of the graduate student presentations to fulfill one of the 10 feedback assignments required for the course.

Come this evening to support and encourage your fellow students and to learn something new!

We look forward to seeing you there,

The Instructors and Teaching Assistants
Environmental Management 2
