Harvard Distance Education Program
Environmental Management I /ENVR E-101 (CRN 11925)
Fall 2004/ Wednesdays 7:35--9:30 pm / Harvard Hall 104
Professors John D. Spengler, Ph.D. & George D. Buckley

FEEDBACK ASSIGNMENTS

The feedback/web assignments for the first half of the semester have been recorded. From this point forward, we will no longer be accepting entries for weeks 1 - 6. If you have fallen behind on turning in feedback/web assignments, we encourage you to be sure to get them in over the second half of the course. Feedback/web assignments are 10% of the undergraduate grade (slightly little less for graduate students). The second half of the course includes 7 weeks for which assignments can be completed (each week of class between November 10th and January 5th).

Campus students can verify the number of feedback/web assignments turned in to this point by seeing Barbara Blanchard on Wednesday night during class. Distance students will receive a grade report that contains this information (see below).

GRADE REPORTS FOR DISTANCE STUDENTS

As you have been busy studying, writing papers and taking exams, we have been busy grading! Your first papers have all been graded and the online midterms are well on their way to being recorded. A grade report containing scores for your first paper and midterm, as well as the number of feedback assignments received, will be sent via email by the end of the week. I also hope to scan in your papers with the comments and email them as soon as possible. Thank you for your patience and hard work!

We hope you have enjoyed the first half of Environmental Management. We look forward to working with you for the remainder of the semester!

Thanks,
The Instructors and Teaching Assistants of EM1
