Harvard Distance Education Program  
Environmental Management I / ENVR E-102  
Spring 2005/ Wednesdays 7:35 - 9:35 pm / Harvard Hall 104  
Professors John D. Spengler & Petros Koutrakis, & Zachary Zevitas  

ABOUT PASSWORDS -  
Help with Passwords can also be found on our website at:  
http://courses.dce.harvard.edu/~environment/passwords.html  

*** IMPORTANT ****  
PASSWORDS will be required to access streaming audio-video lecture presentations beginning THIS WEEK, starting with the week 4 lecture.  
All students registered in Environmental Management II are authorized to view the materials during the current semester. After selecting the appropriate video link, a pop-up window will prompt you to enter a user name and password.  
For USER NAME, enter your Harvard University ID (HUID) number. It is typically an 8-digit number that begins with '00'. This number was assigned to you by the Registrar and appears on your registration confirmation. All students should have received this information by mail.  
For PASSWORD, enter your last name (all lowercase letters). Only eight (8) characters are allowed, so if your name is longer (i.e. Washington), use only the first 8 letters (washingt). If you have not received, or cannot locate, your HUID immediately contact the Registrar's office.  
Harvard Registrar (DCE)  
51 Brattle Street  
Cambridge, MA 02138  
(617) 495-9522  
(617) 496-1111 DCE  
If you continue to have trouble logging in to view online lectures, please contact Barbara Blanchard at bblancha@hsph.harvard.edu  

ABOUT PRELOADING LECTURE SLIDES -  
Sometimes the lecture slides do not have time/bandwidth to fully download over a slow internet connection and your system tries to load to the next slide called by the video stream before you view all of the previous slide. Here is a tip for students who experience problems viewing the lectures over a slow telephone modem.  
PAUSE the video stream and use the slide controls to click through the lecture slides waiting for each to completely load before advancing to the next slide. This will pre-load the slides into your computer browser's cache. When you go back and watch the streaming video lecture the slides will pop-up instantly when cue
by the video stream.

Good luck!

The Instructors and Teaching Assistants for EMII
