Greetings from Environmental Management 2 Instructors and Teaching Assistants:

AS DISCUSSED IN CLASS...

PHOTOVOLTAICS MANUFACTURING PLANT TOURS ARE AVAILABLE TO EM2 STUDENTS

This is a perfect topic for paper # 2.

James Braman, a graduate student in Environmental Management 2 has arranged tours of a Photovoltaics Manufacturing Facility in Billerica, Massachusetts.

RWE SCHOTT Solar Inc.
Manufacturing Facility
4 Suburban Park Drive
Billerica, MA 01821

http://www.rweschottsolar.us

RWE SCHOTT Solar Inc. is a state of the art manufacturing plant one of the largest Photovoltaic manufacturers in the U.S.

This is a unique opportunity to take a look "behind the scenes" at one of the companies helping to build a green energy future.

TWO Tours have been organized:

Tuesday - May 3rd, 2005 - 7 PM
Saturday - May 7th, 2005 - 9:30 AM

Each tour is approximately 1.5 hours in duration.

Space is limited to no more than 15 students so please RSVP to BOTH Jamie and Zach ASAP.

James Braman, LEED AP
Director, Strategic Business Development
RWE SCHOTT Solar
jamie.braman@rweschottsolar.

Zachary Zevitas
Instructor of Environmental Management 2
zevitas@fas.harvard.edu

Hope all interested students will attend.
I will be visiting the plant on Saturday and am willing to meet a few students in Harvard Square and drive to Billerica.

Best regards,

-- Zach
