Course Requirements
NONCREDIT STUDENTS

This set of requirements is for students that have registered with “noncredit” status. Noncredit students are not assigned final grades in this course. Your registration status does not permit you to take examinations, submit book reports or prepare a paper or project in this course. You can make changes in your enrollment status until February 12, 2006 without a financial penalty.

We would ask you to participate in the discussion board whenever you can. We believe you will find this an essential component of your learning in this course. If you are a resident student, we welcome you each week to our live discussion of the cases. You will need a password to view the weekly class discussion on the course web site. Please contact one of the teaching assistants if you do not receive this password.

The staff of this course appreciates your feedback on this course and we look forward to hearing from you as the course progresses. We want to help you with any special needs that are created by your registration status in this course.
